NUTRITION TIP OF THE WEEK—FROM THE KSC FITNESS CENTERS: Not sure how long meat can be kept in the freezer? Don't know how long to cook hamburger to kill those nasty illness-causing bacteria? Don't just guess—pick up the phone and talk to the food experts who staff the U.S. Department of Agriculture's Meat and Poultry hotline. Home economists, food technologists, and registered dietitians staff the hotline from 10 a.m. to 4 p.m., Eastern time, every day of the year. All you need to do is call 800-535-4555. For off-hour questions, the hotline offers an extensive selection of food safety recordings that you can hear 24 hours a day! (JJ-C)
